# The 10-Minute AI Check for small offices

**Free from Clear Rules Cyber Security.** For the owner or office manager. Answer each question **Y** (yes), **N** (no) or **?** (not sure). Every N or ? is a gap. No login, nothing to install. **We don't see your answers** unless you choose to send them.

| | Question | Y | N | ? |
|---|---|---|---|---|
| **A. Discovery: what's really in use** | | | | |
| **A1** | Do you know which AI tools your staff use for work (e.g. ChatGPT, Copilot, Gemini, Claude, AI note-takers)? | | | |
| **A2** | Do you know if staff use **personal** (free) AI accounts for work tasks? | | | |
| **A3** | Microsoft 365 offices: do you know whether **Copilot Chat** is available to your staff? (Microsoft offers it to eligible business users at no extra cost.) | | | |
| **A4** | Google Workspace offices: do you know which **Gemini** features your plan includes? | | | |
| **A5** | Do you know if any AI tool or "assistant" has access to your **email, calendar or files**? | | | |
| **A6** | Does anyone use an **AI meeting note-taker** on client calls? (Y if you know the answer either way.) | | | |
| **B. Rules: what staff are told** | | | | |
| **B1** | Do you have a **written** rule about which AI tools are allowed? | | | |
| **B2** | Does it say what must **never** go into AI (client names and files, ID numbers, banking details, passwords)? | | | |
| **B3** | Does it say staff must **check AI answers** before sending them to a client? | | | |
| **B4** | Does it explain how to **ask permission** for a new AI tool? | | | |
| **C. Adoption: did it reach people?** | | | | |
| **C1** | Has every staff member **read** the rules in the last 12 months? | | | |
| **C2** | Do you have a **signed or dated** record that they did? | | | |
| **C3** | Do new hires get the AI rules in their **first week**? | | | |
| **D. Money and fake calls** | | | | |
| **D1** | If a "boss", client or supplier asks to **change bank details** or make an **urgent payment**, must staff **call back on a number you already have**? | | | |
| **D2** | Do staff know a voice or video call **can be faked**? (See the Canadian Anti-Fraud Centre's deepfake bulletin.) | | | |
| **E. Upkeep and proof** | | | | |
| **E1** | Has your AI rule been **updated** in the last 6 months? | | | |
| **E2** | If an insurer or big client asked "What is your AI policy?", could you send a **dated** document today? | | | |
| **E3** | Do you keep a **version history** (what changed, when, who approved)? | | | |

## Your score: ____ / 18 Yes

**15-18:** good shape, keep it current. **9-14:** a start; close a few gaps this quarter. **0-8:** most offices are here; start with Parts A and D. *A conversation starter, not a rating or certification.*

## Your gap list

| Gap (question #) | Why it matters | Do-it-yourself first step |
|---|---|---|
| e.g. D1 | Payment-change requests are a common scam | Write one rule: "We confirm every payment change by calling a number we already have." |
| e.g. A1 | You can't set rules for tools you don't know about | Ask staff: "Which AI tools did you use this month, and for what?" (roles, not names) |
| | | |
| | | |

**Free fixes you can do today:** D1 (one written rule), A1 (one staff question), B2 (one "never paste" list). You don't need to buy anything. **Want your top 3 fixes?** Email just the question numbers (no client or staff details) to **accelerate@mail.grokbot.com** and we'll reply within 2 business days, free. If you want help writing your rules, staff sign-off and a dated record: Starter Kit from CA$890 (CA$490 for our first 3 offices; CA$390 if you already have a policy). We never log in to your systems.
